Build your Crocodile

WeDo
YOUR CROCODILE

Building Steps

1
Connect your robot

1. Click here

2. Click here

3. Click anywhere on the screen
Program your robot

> Close the mouth of the crocodile

> Next... open the mouth of the crocodile
   
   Hint: The motor needs to turn in the opposite direction

> Add an appropriate sound effect
   
   Hint: Musical note

> Trigger your program with the motion sensor
   
   Hint: Use these blocks
Example of a more complex program
